The Montana Freedom Caucus Calls On Governor Gianforte To Act Against The Illegal Alien Invasion In Montana

The Montana Freedom Caucus calls on Governor Greg Gianforte to remove all illegal aliens from Montana and send them to a sanctuary state or have them deported to their country of origin. Montanans expect the Governor to act as the state's Chief Executive and fulfill his oath of office and Constitutional duties on behalf of all Montana citizens.

The [recent arrival of five illegal aliens in Kalispell](#) is only one example of this crisis growing across Montana. This invasion in Kalispell is aided by [“Valley Neighbors”](#) and aligned with [“Love Lives Here.”](#) both known extreme left-wing organizations embracing Communist ideologies. The result is an increase in crime and homelessness in our larger cities, which then moves into all communities in the state where similarly aligned groups aid in the invasion.

Due to our federal government’s lack of enforcement of Article IV, Section 4 of the U.S. Constitution, which protects each state from invasion and/or domestic violence. The states must act independently under the 10th Amendment to protect their citizens from foreign invasions, as is happening now in Montana, the United States, and Europe.

Article IV - Relationships Between the States

Section 4 - Republican Form of Government

The United States shall guarantee to every State in this Union a Republican Form of Government, and shall protect each of them against Invasion; and on Application of the Legislature, or of the Executive (when the Legislature cannot be convened) against domestic Violence.

Montana citizens need the Governor to act with courage and in accordance with the U.S. Constitution to protect the safety and security needs of Montana where the Federal Government has failed.
